Stentøj / *Stoneware*

Smukke håndlavede stentøjskrukker.
Da alle krukker er håndlavede og brændt i store ovne fyret med træ, bliver hver enkelt krukke unik. Du finder derfor aldrig to helt ens krukker, hvilket er en del af charmen ved de smukke krukker.
Frostsikre ved korrekt behandling.
Krukkerne fås i forskellige overflader og farver.

Farvevariationer

Alle stentøjskrukker kan produceres i flere forskellige farver.

Vær opmærksom på, at der vil forekomme farvevariationer.

Farvevariationerne skyldes, at alle krukker er håndlavede,
ligesom farven vil variere, alt efter hvor i ovnen krukken har stået, da den blev brændt.

Det betyder, at en farvevariation på +/- 8 % må accepteres.

Colour variations

All stoneware garden pots can be produced in a number of different colours.

Please be aware that colour variations will occur.

The colour varies as all garden pots are handmade, just like the colour will vary depending on where in the oven the pot was placed during the burning process.

This means that a colour variation of +/- 8 % must be accepted.
